**Complete
Bathroom Solutions**

The Crosswater Advantage

As bathrooms have evolved into more experiential spaces for relaxation & revitalisation, Crosswater has curated a stunning mix of colours, textures and materials across a broad range of bathroom elements, allowing you to design the perfect bathroom space.

This is the Crosswater advantage.

Brassware

We've been brassware obsessed since we started. Our diverse ranges include everything you need for basin, bath, shower or finishing touches in styles that suit any bathroom design.

Furniture & Ceramics

Offering a place to cleanse and beautify, bathroom furniture and ceramics play a key role in your bathroom design. Our ranges allow you to turn this essential element from functional to focal point.

Shower Enclosures, Trays & Baths

The bathroom is more than a place to get clean, it's a place to restore the mind and relieve stress and. Our shower enclosures, walk ins, trays and baths are designed with this in mind.

Wall Panels

Our latest addition allows you to choose from stunning wall murals, realistic laminates and tile effect designs, with the added benefit of quicker installation and easier cleaning.

Module Push presents the latest in luxury showering technology and design. Featuring a sleek, minimalist design, Module Push elevates any modern showering space.

The precise water flow and thermostatic controls provide the opportunity to tailor your showering experience to your needs. With push button on/off controls, Module Push is easy to use without the need of gripping a lever. This functionality allows you to leave your temperature and flow controls in place, ready for the next time you step in.

Enjoy water flow from multiple outlets at the same time with its multi-button design.

PERFECTLY BALANCED

Always the right water temperature, no matter what else is running.

BUILT TO LAST

Cast from premium solid brass. Tighter manufacturing tolerances for better performance.

SAFETY ASSURED

Certified to UK safety standards. Protecting you and your family from sudden temperature changes.

SMOOTH, EFFORTLESS CONTROL

Precision-engineered. Giving you complete control over your water flow.

INSTALLATION BENEFITS

Adjustable installation depth. Ensuring a perfect fit and clean finish in every bathroom.

CONSUMER PEACE OF MIND

Front access for servicing. Ensures the product can last the lifetime without having to disrupt your decor.

ULTIMATE FLEXIBILITY

One valve. Three outlets. Endless possibilities. Total control and versatility from a single, smart solution.

EASY ACCESS FOR MAINTENANCE

You can repair or replace the on/off and thermostatic valves without touching your tiling.

ULTIMATE SHOWER EXPERIENCE

Reduced noise transference. Great flow rate. Enjoy an amazing shower, everyday.

INSTALLATION BENEFITS

Fits anywhere. Works everywhere. Installs easily in wall cavities from just 45mm deep.

INSTALLATION ASSURTY

Tested. Trusted. Guaranteed. Pressure-test at first fix for total confidence and reliability.

EASY TO RESTYLE

You can upgrade, remove or change between 6 finishes at any time, without any plumbing.

Chrome
(C)**

**Made from polished stainless steel to match our chrome finish. (reduces fingerprint marks)

All Niches are made with high quality 304 stainless steel which provides a protective oxide layer increasing corrosion resistance.

5 pieces of stainless steel are robotically welded ensuring a seamless joint finish that will not leak.

All brushed finishes are PVD (Physical Vapor Deposition) enhancing durability.

Fully insulated with 2mm EVA sound deadening backing to reduce noise transmission.

Compatible with both solid and drywall (stud) installations.

Built in 1% fall on the internal shelf to prevent water pooling.

LED lighting is warm white (3000 Kelvin value).

LED's are rated at IP (Ingress Protection) 66 giving protection from dust and high pressure water jets.

Water saving regulations

Should you wish to reduce the water consumption of your household, you can easily insert a flow regulator into your basin tap or shower hose/head.

Basin Tap Flow Regulator

Due to our vast selection of tap designs, we have a wide range of tap flow regulators. We recommend contacting our sales office to discuss the compatible version for your tap.

Shower Flow Regulator

Designed for hand showers or fixed heads operating min 1 bar.

6 lpm Shower Flow Regulator

5886361 £6.50

8 lpm Shower Flow Regulator

5886381 £6.50

Worktops

Steelwood
Supplied undrilled
Produced from 18mm thick, high density core board.

Royal Walnut
Supplied undrilled
Produced from 18mm thick, high density core board.

Modern Oak
Supplied undrilled
Produced from 18mm thick, high density core board.

Warm Stone
Supplied undrilled
Produced from 18mm thick, high density core board.

Gold Vein Estatuario
Supplied undrilled
Easy clean, highly heat resistant solid surface
Impenetrable to dust, dirt and bacteria.
Produced from 20mm solid thick recycled marble material.

Carrara Marble Effect
Supplied undrilled
Easy clean, highly heat resistant solid surface
Impenetrable to dust, dirt and bacteria.
Produced from 20mm solid thick recycled marble material.

Basins

Please note: Not all basins are compatible with 500mm and 600mm floorstanding units.

Ice White Glass
Handcast low iron soda lime silicate glass
Gloss finish, with built in overflow

Cast Mineral Marble
High gloss white antibacterial nanocoat
Overflow colour options available

Matt White
Matt white antibacterial nanocoat
Overflow colour options available

Ceramic (500 unit)
White vitreous china
Overflow colour options available

Ceramic (600 unit)
White vitreous china
Overflow colour options available

INFINITY Made Easy

Infinity modular units can be used to design your personalised storage solution; with our drawer units, shelving units and worktops the layout options are almost infinite.

1. Choose your layout

Please use the below to select your ideal layout:

500 Layout
1 x drawer unit
1 x 510mm worktop or basin
1 x handle

700 Layout
1 x drawer unit
1 x shelving unit (left or right)
1 x 710mm worktop or basin
1 x handle

900 Layout
1 x drawer unit
2 x shelving units
1 x 910mm worktop or basin
1 x handle

1000 Layout
2 x drawer units
1 x 1010mm worktop
2 x handles

1200 Layout
2 x drawer units
1 x shelving unit (position left, right or centre of drawers)
1 x 1210mm worktop
2 x handles

1400 Layout
2 x drawer units
2 x shelving units
1 x 1410mm worktop
2 x handles

Customise your style

Infinity is available in a range of finishes, making it the perfect choice for any style bathroom. Keep all the units in one colour for a cohesive look or mix and match for a bolder look.

2. Select your base units

3. Select your top

4. Pick your handle

Air

Towel Warmer

Air rails feature innovative manufacturing technology that injects air at very high pressure into the cross rails, this expands the cross rails to allow more hot water to circulate to generate excellent heat output.

MPRO All Electric Towel Warmers fully comply with the following regulations:
Low Voltage Directive 2014/35/EU, BS EN 60335-1:2012, BS EN 60335-2-73:2003+A1:2006+A2:2009, BS EN 60335-2-43:2002 + A1:2006+A2:2008
EMC Directive 2014/30/EU, BS EN 62233:2008, EN 55014-1:2017, BS EN 55014-2:2015, BS EN 61000-3-2:2014, BS EN 61000-3-3:2013
RoHS Directive(2015/863/EU) and WEEE Directive (2012/19/EU)

MPRO Electric

Our MPRO Electric towel warmers are supplied with a control dial, instead of a traditional valve, which includes innovative features:

- 5 temperature settings ranging from 30°C to 60°C.
- An electronic temperature sensor that guarantees precise temperature control
- Illuminated LED indicators display the set temperature level and the status of the heating
- Dryer/Boost on demand function allows the setting of a higher heating power for two hours, after which the element returns to the previous setting
- In the event of a power failure the element remembers the previous settings therefore making it suitable for connection to external timers

You can rely on the safety of our MPRO Electric towel warmers:

- The element is equipped with frost protection and double protection against overheating
- The display shows warning indicators in case of malfunction
- An active safety feature in case the rail runs dry
- Low power consumption in a standby mode

Towel warmer valves

Thermostatic Valves

These radiator valves are suitable for all Crosswater towel warmers, except for MPRO Electric models.

Approved to EN215
† Not suitable for heating elements.

600W	RADX700	£140

Also known as dual fuel or dual energy. Connected to a central heating circuit and including an electrical element that allows operation in summer months when the central heating is not in use. All Crosswater towel rails are suitable for use with a summer heating element, except MPRO Electric models. Refer to page 222 for wattage required per model.

IMPORTANT NOTE

Please refer to the bathroom zone diagram when using electrical components within the bathroom environment, see page 223. The summer element is equipped with a thermal fuse that will cut out at 65°C, with a total shut down safety setting at 78°C. These elements are suitable for all Crosswater towel warmers, where an element can be fitted. Heating elements comply with BS EN60335-2-73:2003

CONFIGURATIONS

Once you have identified your space you can create your personalised showering solution; with our flexible modular glass panels, profiles and stabilising fixings the layout options are almost endless.

When choosing your configuration, we recommend you allow 500mm minimum entry space.

Recess

- 1 x Glass Panel
- 1 x Wall Profile
- 1 x Bracing Bar (Wall, Ceiling or Angled)

Recess with Double Panel

- 2 x Glass Panels
- 2 x Wall Profiles
- 2 x Bracing Bars (Wall, Ceiling or Angled)

Corner

- 1 x Glass Panel
- 1 x Glass Panel (up to 500mm)
- 2 x Wall Profiles
- 1 x Bracing Bar (Wall, Ceiling or Angled)

Corner with T Bracing Bar

- 2 x Glass Panels (up to 1000mm)
- 2 x Wall Profiles
- 1 x T Bracing Bar

Walk Through

- 1 x Glass Panel
- 2 x Glass to Wall Bracing Bars

Glass Corner with T Bracing Bar

- 2 x Glass Panels (up to 1000mm)
- 1 x Wall Profile
- 1 x T Bracing Bar
- 1 x Glass to Glass Corner Seal

Glass Corner with Angled Bracing Bar

- 2 x Glass Panels
- 1 x Wall Profile
- 1 x Angled Bracing Bar
- 1 x Glass to Wall Bracing Bar
- 1 x Glass to Glass Corner Seal

Three Sided

- 3 x Glass Panels
- 2 x Wall Profiles
- 1 x Angled Bracing Bar
- 1 x T Bracing Bar or 2 x Ceiling Bracing Bars
- 1 x Glass to Glass Corner Seal

Deflectors

If you've decided to opt for a configuration with a deflector we have 2 options to choose from - 180° hinged or fixed. Each type requires different fittings, details of these are listed below.

We wouldn't recommend installing a deflector panel if you have chosen a glass to ceiling bracing bar.

180° Hinged Deflector Panel

Available in 300mm, our hinged panel rotates through 180° for easier access. The colour matching hinges and clear seal give your walk in a seamless appearance.

- 1 x Glass Panel for Hinged Deflector
- 1 x Deflector Panel 180° Hinges (pair)

Fixed Deflector Panel

Available in 300mm or 400mm, for spaces where you prefer the panel not to move. The colour matching glass to glass brackets and clear seal give a luxury appearance.

- 1 x Glass Panel (up to 400mm max.)
- 1 x Glass to Glass Brackets (pair)
- 1 x Glass to Glass Seal

Additional Design Flexibility

The configurations shown are the most typical options; if you require something different please talk to your local bathroom specialist.

For further installation information or to find your local retailer visit crosswater.co.uk

GALLERY 10

WALL PROFILE Supplied with Seal

Finish	Size	Adjustment	Code	Price
	2000mm	15mm	GRPROFILEBZ	£360
	2000mm	15mm	GRPROFILET	£335
	2000mm	15mm	GRPROFILEMB	£225
	2000mm	15mm	GRPROFILEF	£360
	2000mm	15mm	GRPROFILEV	£360
	2000mm	15mm	GRPROFILEPSS	£225

Supports glass panels up to 500mm without a bracing bar.

TOUGHENED GLASS PANELS

Width	Code	Price
255mm	GR030010CF_V2	£165
355mm	GR040010CF_V2	£190
455mm	GR050010CF_V2	£230
555mm	GR060010CF_V2	£255
655mm	GR070010CF_V2	£295
715mm	GR076010CF_V2	£315
755mm	GR080010CF_V2	£325
855mm	GR090010CF_V2	£360
955mm	GR100010CF_V2	£390
1055mm	GR110010CF_V2	£425
1155mm	GR120010CF_V2	£455
1355mm	GR140010CF_V2	£490

Panels up to 500mm can be supported with a wall profile alone, panels 600mm and wider require a bracing bar. It is important to take the measurements after the tray is installed and the walls are tiled.

PRODUCT HIGHLIGHTS

With Optix 10 you can add a touch of luxury to your bathroom, with remarkable quality and unparalleled performance.

- 10mm toughened glass with Crosswater Clear glass protective finish that repels water and limescale, to make cleaning easier
- Supplied with a contemporary handle as standard, with the option to upgrade to knurled or classic style should you wish
- All metal parts are 304 Stainless Steel for enhanced durability
- Suitable for tray or tiled floors (wetroom)

Wall profiles include concealed fixings, squeeze gasket seals for quick in profile adjustment and a top cover cap

Ultra-strong 304 grade stainless steel bracing bars finished to match for pivot doors with inline panels

Pivot doors with inline panels feature on glass adjustment and flush-fit solid brass hinges for easy cleaning

Sliding doors and quadrant enclosures feature soft close, cushioned movement on open and close

Concealed, fully adjustable top slider system for smooth soft closing

Beautifully designed 304 grade stainless steel double handle for easy opening and closing from inside or out

Flush-fit pivot door with inline panel solid brass hinge for easy cleaning and angled no-drip seal

Adjustable, self cleaning rollers feature a concealed brush to ensure the smoothest open/close sliding door

This enclosure requires a shower tray with a minimum ledge of 60mm.

Door adjustments shown are the minimum and maximum, excluding a tray. Before ordering we advise you check the door will be compatible with your space, including any wall coverings. The finished installation space may be less than your tray size, as most shower trays are tiled onto the rim or over a tray up-stand.

OPTIX 10

Quadrant Enclosure

- 2000mm enclosure height
- Smooth soft close door
- Quick release stainless steel rollers
- 20mm width adjustment for easy fitting

Creo Shower Tray

Manufactured from 75% crushed Dolomite rock in a factory powered by 100% green energy.

Engineered stone construction with anti-bacterial, easy-clean and repairable nano gel coating.

60mm outer flat edge and drain gully are almost invisible to the eye.

Smooth and warm to the touch, with excellent thermal and sound insulation to give you the most relaxing shower possible.

Flush fitting, colour-matched white stainless steel central waste cover for ultimate comfort.

Dedicated waste instantly removes water (32 lpm).

Fully complies with BS EN 274-1:2002, with DIN 51097 class A anti-slip rating.

Suitable for fitting directly on a floor, flush for level access solution or raised (using our optional riser leg set).

Trays can be cut on-site, if needed, to accommodate obstructions like soil pipe boxing.

	446	870-890/1170-1190	OPTIXSET4T_R	OPTIXSET4T_L	£3455 £799
	446	870-890/1170-1190	OPTIXSET4L_R	OPTIXSET4L_L	£3455 £1299

Door adjustments shown are the minimum and maximum, excluding a tray. Before ordering we advise you check the door will be compatible with your space, including any wall coverings. The finished installation space may be less than your tray size, as most shower trays are tiled onto the rim or over a tray up-stand.

These trays are produced from natural materials and can experience manufacturing tolerance of +/-5mm. This enclosure requires a shower tray with a minimum ledge of 60mm.

PRODUCT HIGHLIGHTS

With Asura 8 you can personalise your shower enclosure, with a choice of 4 handle types, to complete your perfect showering space.

- 8mm toughened glass with Crosswater Clear glass protective finish that repels water and limescale, to make cleaning easier
- Choice of 4 handle designs: sleek, fluted hammered or transitional. Must be ordered separately.
- Suitable for tray or tiled floors (wetroom)

High quality engineering ensures smooth and quiet operation on our Infold door

The positioning of the hinges at the top and bottom of the glass delivers a sleek contemporary look on our hinged door

No visible fixings throughout Asura range

Sliding doors and quadrant enclosures include soft close which provides a quiet and cushioned open and close experience

Slim, modern profiles combined with our next generation 2 part hinge technology ensures Asura stands out from the crowd

Choice of 4 handle designs so the enclosure can be customised to suit any style bathroom. Handles sold separately

Required Handle Options

Personalise your final shower enclosure design with both colour and texture. Choose from four unique handle designs: fluted, hammered, transitional or sleek

- 2000mm enclosure height
- 15mm width adjustment for easy fitting
- Concealed fixings
- Choice of bracing bar options
- Optional hinged or fixed deflector panel
- Suitable for tray or tiled floors (wetroom)

Optional Extra

Squeegee

With Wall Bracket

● Chrome

SHSQUEEGCP

£45

Door adjustments shown are the minimum and maximum, excluding a tray. Before ordering we advise you check the door will be compatible with your space, including any wall coverings. The finished installation space may be less than your tray size, as most shower trays are tiled onto the rim or over a tray up-stand.

CONFIGURATIONS

Once you have identified your space you can create your personalised showering solution; with our flexible modular glass panels, profiles and stabilising fixings the layout options are almost endless.

When choosing your configuration, we recommend you allow 500mm minimum entry space.

Recess

- 1 x Glass Panel
- 1 x Wall Profile
- 1 x Bracing Bar (Wall, Ceiling or Angled)

Recess with Double Panel

- 2 x Glass Panels
- 2 x Wall Profiles
- 2 x Bracing Bars (Wall, Ceiling or Angled)

Corner

- 1 x Glass Panel
- 1 x Glass Panel (up to 500mm)
- 2 x Wall Profiles
- 1 x Bracing Bar (Wall, Ceiling or Angled)

Corner with T Bracing Bar

- 2 x Glass Panels (up to 1000mm)
- 2 x Wall Profiles
- 1 x T Bracing Bar

Walk Through

- 1 x Glass Panel
- 2 x Glass to Wall Bracing Bars

Glass Corner with T Bracing Bar

- 2 x Glass Panels (up to 1000mm)
- 1 x Wall Profile
- 1 x T Bracing Bar
- 1 x Glass to Glass Corner Seal

Glass Corner with Angled Bracing Bar

- 2 x Glass Panels
- 1 x Wall Profile
- 1 x Angled Bracing Bar
- 1 x Glass to Wall Bracing Bar
- 1 x Glass to Glass Corner Seal

Three Sided

- 3 x Glass Panels
- 2 x Wall Profiles
- 1 x Angled Bracing Bar
- 1 x T Bracing Bar or 2 x Ceiling Bracing Bars
- 1 x Glass to Glass Corner Seal

Deflectors

If you've decided to opt for a configuration with a deflector we have 2 options to choose from - 180° hinged or fixed. Each type requires different fittings, details of these are listed below.

We wouldn't recommend installing a deflector panel if you have chosen a glass to ceiling bracing bar.

180° Hinged Deflector Panel

Available in 300mm, our hinged panel rotates through 180° for easier access. The colour matching hinges and clear seal give your walk in a seamless appearance.

- 1 x Glass Panel for Hinged Deflector
- 1 x Deflector Panel 180° Hinges (pair)

Fixed Deflector Panel

Available in 300mm or 400mm, for spaces where you prefer the panel not to move. The colour matching glass to glass brackets and clear seal give a luxury appearance.

- 1 x Glass Panel (up to 400mm max.)
- 1 x Glass to Glass Brackets (pair)
- 1 x Glass to Glass Seal

Additional Design Flexibility

The configurations shown are the most typical options; if you require something different please talk to your local bathroom specialist.

For further installation information or to find your local retailer visit crosswater.co.uk

WALL PROFILE Supplied with Seal

Finish	Size	Adjustment	Code	Price
	2000mm	15mm	GRPROFILEBZ	£360
	2000mm	15mm	GRPROFILET	£335
	2000mm	15mm	GRPROFILEMB	£225
	2000mm	15mm	GRPROFILEF	£360
	2000mm	15mm	GRPROFILEV	£360
	2000mm	15mm	GRPROFILEPSS	£225

Supports glass panels up to 500mm without a bracing bar.

TOUGHENED GLASS PANELS

Width	Code	Price
255mm	GR030008CF	£108
355mm	GR040008CF	£124
455mm	GR050008CF	£148
555mm	GR060008CF	£168
655mm	GR070008CF	£192
715mm	GR076008CF	£204
755mm	GR080008CF	£212
855mm	GR090008CF	£236
955mm	GR100008CF	£252
1055mm	GR110008CF	£280
1155mm	GR120008CF	£296
1355mm	GR140008CF	£316

Panels up to 500mm can be supported with a wall profile alone, panels 600mm and wider require a bracing bar. It is important to take the measurements after the tray is installed and the walls are tiled.

STABILISING FIXINGS

PRODUCT HIGHLIGHTS

With Clear 6 you can afford to upgrade your showering experience, with quick installation and smart design features.

- 6mm toughened glass with Crosswater Clear glass protective finish that repels water and limescale, to make cleaning easier
- Reduced installation time with click and lock quick-fit installation
- Suitable for tray or tiled floors (wetroom)

Watertight door seals

Smooth pivot door motion with secure closing

Free-flowing rollers with height adjustment

Easy, quick side panel adjustment

Rolling Infold door with angled trim

Elegant soft squared double handle

Super sealed wall profiles virtually removed the need for silicone

Simple, quick-release, easy-clean double rollers

Clear 6 Quadrant Single Door

- 1950mm enclosure height
- Reversible door for left or right hand entry
- 15mm width adjustment on each wall profile for easy fitting
- Click and lock quick-fit installation
- Quick release double rollers, concealed fixings and profile cover caps
- Suitable for 550mm radius tray or tiled floors (wet room)

The Ultimate *Glass Protection*

Supplied as standard.

Crosswater Clear is a colourless surface treatment applied to all shower and bath panels. The coating is perfectly flat and invisible and works by creating a surface that helps prevent limescale, soap/shampoo build-up, easier to clean and sparkling glass every day.

Untreated Glass

Untreated glass can quickly and easily suffer permanent bonding of limescale and mineral salts onto its surface, which can cause staining and damage, with water spots being difficult, if not impossible, to remove despite regular cleaning.

Crosswater Clear Treated Glass

Helping to prevent build up and making the glass easier to clean, Crosswater Clear allows soils and liquids to 'slide off' the treated surface which prevents limescale and other dirt from building up to make cleaning a quicker and easier process.

25mm Shower Trays

CREO

Manufactured from 75% crushed Dolomite rock in a factory powered by 100% green energy.

Engineered stone construction with anti-bacterial, easy-clean and repairable nano gel coating.

60mm outer flat edge and drain gully are almost invisible to the eye.

Smooth and warm to the touch, with excellent thermal and sound insulation to give you the most relaxing shower possible.

Flush fitting, colour-matched white stainless steel central waste cover for ultimate comfort.

Dedicated waste instantly removes water (32 lpm).

Fully complies with BS EN 274-1:2002, with DIN 51097 class A anti-slip rating.

Suitable for fitting directly on a floor, flush for level access solution or raised (using our optional riser leg set).

Trays can be cut on-site, if needed, to accommodate obstructions like soil pipe boxing.

60mm outer flat edge and drain gully are almost invisible to the eye.

Smooth and warm to the touch, with excellent thermal and sound insulation to give you the most relaxing shower possible.

Flush fitting, colour-matched white stainless steel central waste cover for ultimate comfort.

Dedicated waste instantly removes water (32 lpm).

Fully complies with BS EN 274-1:2002, with DIN 51097 class A anti-slip rating.

Suitable for fitting directly on a floor, flush for level access solution or raised (using our optional riser leg set).

Trays can be cut on-site, if needed, to accommodate obstructions like soil pipe boxing.

Tile Wall Panels

Our tile laminate wall panels give the best of both worlds, the look and feel of tiles combined with the benefits of panels.

- 2400mm height, 600mm width
- Plywood core, with realistic grout line to surface
- Proclick for seamless almost invisible joints
- Cost-effective, fast and easy installation

PROCLICK

Our Proclick system is a mechanical locking system that provides seamless, almost invisible joints. The click design allows panels to be located quickly and easily into place, eliminating the use of joining trims. Due to a slight difference in thickness, our tile panels are not compatible with our waterproof core panels.

TRIMS

In order to ensure a watertight finish, trims are required for the outer edges of the panels and external corners. Full details can be found on page 221.

Waterproof Core Laminate Wall Panels

Our waterproof core laminate wall panels are designed to look like authentic materials with realistic textures.

- 2440mm height
- 100% waterproof core made from pre-consumer waste
- Available in Square Cut or Proclick (for seamless almost invisible joints)
- Cost-effective, fast and easy installation

Brushed Brass Effect, Metallic Black, Soft White & Matt Finishes Oxilan® providing up to 65% more protection than standard zinc coating. High quality double layer Electro-static powder coating application for 100% surface coverage, massively reducing wear and tear and greater product lifetime. The most efficient heat output up to 20% higher than chrome. Self coloured metal wall fixings.

Towel Warmer projection is between 75 - 100mm. Supplied with complete wall fixings and manual air vent. Manufactured from high grade mild steel conforming to EN 10305. Geometrical and surface finish - Round EN 10234 / EN ISO 4287, Flat Tube EN 10233 / EN ISO 4287, D Profile EN 10233 / EN ISO 4287. Fitted with 1/2" BSP connections. Tested to EN 442 ΔT = 50K All outputs certified to EN 442. To make an approximate conversion from T=50K to T=60K multiply outputs by 1.2.

Electrical Information

The diagram below is supplied as a guide to Bathroom Zones as referred to in IP ratings of the over mirror lamps and electric heating elements. Please refer to the latest edition of BS 7671:2018 (2018) to ensure conformity.

It is important to install light fittings and electric Towel Warmer elements in the correct bathroom zone i.e. the zone referred to in the IP rating of the element. This is not an installation guide and reference should be made to the latest edition of the IET Wiring Regulations or a qualified electrician member of NICEIC or IET.

Zone 0 is inside the bath or shower tray itself. Any appliance used in this zone must be rated at least IP67 which is total immersion proof.

Zone 1 is the area above the bath or shower tray to a height of 2.25m from the floor. In this zone a minimum rating of IP44 is required and elements must also be protected by a 30mA residual current device (RCD) to protect the circuit. The electrical connection to the power supply for these appliances must be in Zones 2/3 of the bathroom in compliance with BS 7671:2018 (2018) - IEE Wiring Regulations.

Zone 2 is an area stretching 0.6m outside the perimeter of the bath and to a height of 2.25m from the floor. In this zone an IP rating of at least IP44 is required. In addition it is good practice to consider the area around a washbasin, within a 60cm radius of any tap to be considered as zone 2.

Crosswater IP44 lamps come without a pull switch, and are designed to operated via an existing and suitable room light switch.

Failure to have electrical products installed and certificated by a qualified electrical engineer will invalidate any product guarantee.

For full details reference should be made to the latest copy of the IEE wiring regulations and all applicable British Standard and European norm specifications.

Product Guidelines

Product Compatibility

While the majority of Crosswater products are compatible, care should be taken on product selection before ordering to avoid installation issues.

Product sizes stated are nominal and should be checked against product. All heights printed for shower doors and bath screens are from the top of the shower tray or bath.

It is strongly advised that all bathrooms are well heated and ventilated.

Cleaning

All Crosswater products should be cleaned as outlined below. Never use any aggressive fluids or strong household cleaning agents e.g. bleach, caustic soda or abrasive cleaners, which could damage the product.

Brassware products should be cleaned with warm soapy water only and polished with a clean, soft, dry cloth.

Furniture should be wiped cleaned with a moist soft or micro fibre cloth. Any stubborn marks can be removed with diluted mild detergent.

Mirrors, cabinets and light fittings should be cleaned with a micro fibre cloth only, do not use “glass and mirror” cleaning products.

Sanitary ware, glass basins and ceramics should be cleaned after use by applying a little cream-type cleaner using a sponge or damp cloth and rinsed thoroughly with clean water. In hard water areas a good quality limescale remover can be applied.

Toilet seats should only be cleaned using a diluted mild detergent or warm soapy water; products containing bleach can lead to staining. Toilet seat hinges should be cleaned using a moist soft or micro fibre cloth. Any stubborn marks can be removed with diluted mild detergent.

Cast mineral resin basins should be cleaned using a diluted mild detergent or warm non-abrasive soapy water; in hard water areas a good quality limescale remover can be applied. Accidental spillages of household chemicals, nail polish or hair dye should be removed immediately by cleaning the surface with warm soapy water and then wiped dry.

Towel Warmers should be cleaned when cold with a moist soft or micro fibre cloth. Any stubborn surface or oxidation marks can be cleaned with Maas® Metal Polishing Crème, that will leave a long-lasting, fingerprint repelling protective finish.

To maintain the look and performance of your Crosswater shower enclosure, you should: Remove any residual water after every use. Wipe clean the frame and glass elements with a soft, non-abrasive, colourfast cloth after every use. Never use an abrasive cloth or scouring pad which could damage the product. Clean the glass gently with warm soapy water and never use any aggressive fluids or strong household cleaning agents which could damage the product. Not allow limescale to build-up on any element, particularly in harder water areas.

Wall panels should be rinsed down after each use. Not rinsing away chemicals such as hair dyes or hair bleaches may have a discolouring affect on the sealants. Abrasive cleaners and bleaches must not be used. Sealant needs to be replaced at regular intervals. Failure to do this may cause water ingress and subsequent damage.

More information can be found at www.crosswater.co.uk

Unlacquered Brushed Brass

Unlacquered Brushed Brass is a natural living finish, it has been specifically designed and manufactured to oxidise over time resulting in a change of colour and unique look which gives even more personality to your bathroom.

Installation

It is the responsibility of the individual installer to ensure that products are fitted correctly and in line with the recommended fitting instructions provided. Failure to do so will invalidate the guarantee. Please visit www.crosswater.co.uk for full details.

All furniture ranges incorporate a factory fitted hanging system that allows safe and simple installation. Please ensure the correct wall fittings are used on solid or stud walls. Some furniture products are reversible for left or right hand door opening. When installing a wall hung toilet or basin please ensure that appropriate fixings or suitable framework are used. When purchasing a wall hung toilet or basin on its own Crosswater does not supply fixings.

We strongly recommend all furniture and ceramics are fitted to a tiled surface, not tiled up to, this will assist any future maintenance. Due to the weight of some products you must ensure that the walls you are fixing to are of a suitable construction to support the product.

Vitreous China must not be put under stress during installation, if fittings are over tightened it creates stress within the ceramic material which may in time cause the failure of the product. Waste fittings should be carefully sealed in silicone and the back nut hand tightened, one additional final quarter turn using a suitable spanner is sufficient to create the required watertight seal. Care should also be taken when fitting brassware to prevent similar stress related failures. All products should be inspected before attempting installation.

Trays must be plumbed and level, walls should be tiled down to the tray and sealed before doors or frames are fitted. Dimensions are designed for tiled in trays, not unfitted tray sizes.

All doors and enclosures must be fitted to a tiled surface, not tiled up to the inside edge of the door. Enclosures must not be completely sealed on the inside.

Due to the weight of the shower doors, you must ensure that the walls to which they are fixed are of suitable construction to support the enclosure.

Due to the nature of wetroom/walk in panel products, water integrity cannot be guaranteed. Please consult your installer.

Any reference to wall panels/waterproof panelling refers to all elements of the wall panel system being fitted together. Laminate panels must be fitted in accordance with the fitting instructions and must use Bathroom Brands trims, sealant and adhesives to ensure the system is both waterproof and guaranteed. Failure to comply with our installation instructions, including the recommended use of our sealant and adhesive, will invalidate your guarantee.

Quality

All Crosswater products are manufactured to the following standards, where applicable:

- EN 817:2008 for mixer valves
- EN 200:2008 for single and combination taps
- EN 1111:2017 for thermostatic mixing valves
- EN 1112:2008 for shower outlets
- BS EN 1113:2015 for shower hoses
- EN 248:2002 for electrodeposited coatings of Ni-Cr
- BS EN 14428:2015 + A1:2018 for shower enclosures
- BS EN 12150 for toughened glass
- BS EN 14527 for shower trays

Guarantees

All Crosswater products carry a comprehensive guarantee for complete peace of mind.

All Crosswater guarantees are subject to online registration. Lifetime guarantees represent the perceived lifetime of the product.
